NOTE.

STATISTICAL DIVISIONS.

In this Part, marriages, births, and deaths have been shown by statistical divisions. The statistical divisions are groups of Local Authority Areas. Their grouping and details for each area are shown in the tables of births and deaths (Tables Nos. 16 and 26).

In tables of deaths and hospital cases, where dissection into tropical and sub-tropical has been made (Sections 5 and 7), the statistical divisions have been grouped as follows:—

North of Tropic, Coastal.—Mackay, Townsville, Cairns, Peninsula, and northern portion of Rockhampton (local authorities of Rockhampton, Broadsound, Fitzroy, and Livingstone).

North of Tropic, Inland.—North-Western, northern portion of Far-Western (local authorities of Boulia and Winton), and northern portion of Central-Western (local authorities of Aramac, Belyando, Longreach, and Peak Downs).

South of Tropic, Coastal.—Moreton, Maryborough, and southern portion of Rockhampton.

South of Tropic, Inland.—Downs, Roma, South-Western, southern portion of Central-Western, and southern portion of Far-Western.

Deaths of defence personnel, and of internees and prisoners of war from overseas, were excluded from all death statistics from the beginning of the 1939-1945 War until 30th June, 1947.

a Including all troops enlisted in the State irrespective of location. Persons recorded as "migratory" or resident in "not incorporated" areas have been distributed among the various divisions of the State. From the 1947 Census, data were made available to enable the population of "not incorporated" areas to be allotted to its correct division, and migratory population was distributed *pro rata*.

b Full-blood Australian aboriginal population at Census, 30th June, 1947, totalled 9,100.
